

LBG Assurance Statement – Boots UK

Boots UK is an active member of the LBG (London Benchmarking Group). The LBG model helps businesses to improve the management, measurement and reporting of their corporate community involvement programmes. It moves beyond charitable donations to include the full range of contributions (in time, in kind and in cash) made to community causes, and assesses the actual results for the community and for the business. (See www.lbg-online.net for more information).

As managers of the Group, we have worked with Boots UK to ensure that it understands the LBG model and has applied its principles to the measurement of community involvement programmes during the financial year ending March 2008. Having conducted an assessment, we are satisfied that this has been achieved. Our work has not extended to an independent audit of the data.
